

Meet Arlie. At just 5 years old, she is already a two-time leukemia survivor. She's been through chemotherapy, graft-versus-host-disease, remission, and back again. But today Arlie is on the road to recovery. She found her perfect match, received a bone marrow transplant and is looking forward to a brighter future.

When you fundraise with Team Be The Match, you can help bring hope and healing to patients like Arlie.
